

Perfection is in the detail

The F11 is a stylish compact machine that delivers a range of high quality, rich tasting coffee that easily rivals traditional bar machines you would find in many coffee shops. With its compact size and elegant looks, the F11 is the ideal coffee machine for small to medium sized applications. Complimenting a variety of environments such as offices, meeting rooms, bars, cafeterias, restaurants and hotels.

Choose the right F11 for you

F11 S

The S is a sleek design that easily fits small and tight spaces. It's an ideal coffee machine for small cafeterias and even bars.

F11 Big

The Big comes with a 8L watertank attached on the side. Great for those who need more coffee throughout the day.

F11 Plus

With the Plus model you will never have to replenish the watertank. This not only saves time but you get the sleek minimalist look.

F11 key features

- Single ceramic flat blade grinder blades ensure quiet operation and extended componentry lifespan.
- The 7" touchscreen is easy to use, customisable for drink selections and promotional screen saver images.
- Adjustable temperature milk system producing both cappuccino and flat-white style café milk-based drinks.
- High capacity (16 grams) 'double shot' brewer enables greater range of drink variations.
- Direct coffee grounds discharge option available.
- Eco-mode energy saving function.
- Optional 600g 'low' bean hopper reduces height to 620mm for installation beneath existing cabinetry.
- Personalizable self-cleaning program.

The Dr. Coffee F11 is unlike any other coffee machine offering twelve different types of coffee and various milk options with a simple touch.

The My Coffee option allows the programming of a further 5 individually designed custom coffees.

Options available:

- Espresso
- Americano
- Macchiato
- Latte Macchiato
- Hot Water
- Ristretto
- Cappuccino
- Barista
- Coffee Crema
- Hot Milk
- Lungo
- Flat White
- Caffè Latte
- Regular Coffee
- My Coffee
